

NSC Advises on Referencing Earlier Priority Dates

Cite as "AILA InfoNet Doc. No. 05061461 (posted Jun. 14, 2005)"

The Nebraska Service Center has advised AILA's NSC liaison committee that attorneys filing adjustment of status applications where there is an earlier approved petition should bring the previous priority date to NSC's attention, because otherwise they won't know about it or have the old LIN file on hand. The best way, according to NSC, is to put in colorful paper and flag it, and include a copy of the I-797 showing the earlier, now current priority date.
